## **BORDER**

**A POWERFUL FEATURE-LENGTH DOCUMENTARY FROM  
FILMMAKER CHRIS BURGARD**

***BORDER*** takes a firsthand look at the real human consequences of America's failure to secure its borders, unleashing a haunting, inside portrait of what has arguably become a war zone of illegal immigration, drug smuggling, sex trafficking, Mexican military incursions and more. From the mouths of besieged ranchers, local law enforcement, the Minutemen, the ACLU, political leaders and illegal immigrants themselves, comes a searing portrait that does not flinch from the truth. This is a front row seat on a failed policy gone completely out of control.
